- "LA" is a functional region that extends outward to include suburbs...

Geography

What are the different types of regions?

There's even more regions... and we are about to find out what they are... one more left...

Let's find out...

Formal Regions: Political

- Defined by common political identity.
- Political units: where all people are subject to same laws and government.
- Examples are:
 - States
 - Counties
 - Cities
 - Counties
 - Provinces

Formal vs functional regions.
